

BC Energy Step Code Industry Workshop

Provide input to its implementation in Victoria and Saanich

- Time:** 5:30 – 8:00pm
- Date:** February 21st, 2018
- Location:** Victoria Conference Centre (Saanich Room)
- Purpose:** To seek feedback from industry representatives on the proposed approach to Step Code implementation in the City of Victoria and District of Saanich. Hear from City of Victoria and District of Saanich staff, as well as experts and local builders on the technical requirements of the proposed approach to the Step Code. This will be followed by a workshop session for questions, discussion and feedback. The two events will include the same presentations and information, therefore you need only attend one. Municipal engagement is informed by Energy Step Code Council (ESSC) guidance. Training on the technical aspects of achieving the BC Energy Step Code is provided separately by BC Housing and other industry stakeholders.

Agenda:

Time	Item	Speaker
5:30 – 5:45pm	<ul style="list-style-type: none">• Arrive and breakfast
